

Sun-Maid

Celebrates 95 Years

Established in 1912, Sun-Maid Growers of California is the world's largest producer, processor and marketer of raisins and other premium quality dried fruit.

One of Fresno County's largest employers, Sun-Maid is located in Kingsburg – in the heart of the San Joaquin Valley's raisin producing district. Sun-Maid products are distributed throughout the U.S. and in more than 50 countries.

Sun-Maid represents over 1,000 raisin growers, generations of families committed to producing the best quality raisins and to advancing the dried fruit industry as a whole.

For over 95 years, Sun-Maid has played a key role in the California raisin industry. Sun-Maid raisins and other dried fruit products have been consumer favorites worldwide.

One of the most widely recognized logos in the world – the familiar red box with the smiling girl in a red bonnet, sun shining brightly behind her – the Sun-Maid Raisin Girl was based on the late Lorraine Collette Petersen from Fresno, where Sun-Maid began its operations.

The Sun-Maid store carries an expansive dried fruit line that includes apples, apricots, cherries, cranberries, dates, figs, peaches, pineapples, prunes and much more. Specialty gift items and the hard-to-find Muscat raisins can also be found at the Sun-Maid store.

Visit the Sun-Maid store for many gifts of California sunshine. Open Monday through Friday from 8:30 a.m. to 5:00 p.m.
